**Competency Standards for Occupational Therapists in Hong Kong**

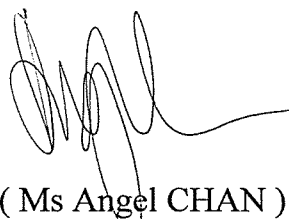

We are pleased to inform you that the Occupational Therapists Board (“the Board”) has recently drawn up a document on competency standards for occupational therapists in Hong Kong.

This document outlines an overarching framework in describing the threshold skills, knowledge, attitudes and behavior that an occupational therapist needs to be competent when practicing in Hong Kong.

You may read the document at the website of the Board at <https://www.smp-council.org.hk/ot/file/pdf/CompetencyDocument.pdf>.

For enquiries, please contact the Secretariat at 2527 8369 or by email ([otb@dh.gov.hk](mailto:otb@dh.gov.hk)).

Yours faithfully,

( Ms Angel CHAN )

Secretary, Occupational Therapists Board
