## AMENDMENT LOG

<u>Page / Section</u>	<u>Change Description</u>	<u>Original (July 2024 Version)</u>	<u>Updated (September 2025 Version)</u>	<u>Effective Date</u>
P.1 / 2.4	Addition of minimum participation requirement	<i>nil</i>	“Registrants are required to participate in a minimum of 75% of each CPD activity, plus any other assessment(s) requested by the programme /activity provider.”	1 January 2026
P.4	Removal of “(10 minutes or more) ” from Oral Presentation definition	“An Oral (10 minutes or more) or Poster presentation... ”	“An Oral or Poster presentation... ”	September 2025
P.4	Removal of “3 credits for the second author” from credit allocation	“5 credits for the first author, 3 credits for the second author and 1 credit for the remaining authors”	“5 credits for the first author and 1 credit for the remaining authors”	1 January 2026  Applies only to presentations held on or after 1 January 2026 (original applies to those on or before 31 December 2025)
P.14	Amendment of Non-local Conferences/ Scientific Meetings	“Asian Conference of Radiographers and Radiological Technologists”	“Asia Australia Conference of Radiological Technologists (AACRT)”	September 2025
P.14	Amendment of Non-local Conferences/ Scientific Meetings	“U.K. Radiological Congress”	“U.K. Imaging and Oncology Congress (UKIO)”	September 2025
P.14	Amendment of Non-local Conferences/ Scientific Meetings	“Annual Scientific Meeting – Chinese Society of Medical Imaging Technology”	“Annual Scientific Meeting – Chinese Society of Imaging Technology (CSIT) ”	September 2025
P.14	Amendment of Non-local Conferences/ Scientific Meetings	“International Society for Clinical Densitometry (U.S.A.)”	“Annual Scientific Meeting – International Society for Clinical	September 2025

			Densitometry (U.S.A.)”	
P.14	Amendment of Non-local Conferences/ Scientific Meetings	“Society of Nuclear Medicine (U.S.A.)”	“Annual Scientific Meeting – Society of Nuclear Medicine (U.S.A.)”	September 2025
P.14	Addition of Non-local Conferences/ Scientific Meetings	<i>nil</i>	“Annual Scientific Meeting – International Conference of Macao Radiological Technologists' Association (MRTA)”	September 2025
P.14	Addition of Non-local Conferences/ Scientific Meetings	<i>nil</i>	“Scientific Meeting – World Federation for Ultrasound in Medicine and Biology (WFUMB)”	September 2025

Notes:

In-text markings are made in the colour red, with strikethrough indicating deleted text and bold indicating new or modified text.

## **1 INTRODUCTION**

- 1.1 Radiography and radiotherapy are healthcare professions that predominantly utilize advanced computerized technology to serve patients. With the remarkable development in the technology and increased expectation from the public, radiographers are required to engage actively in lifelong learning to strengthen their professional competency.
- 1.2 Continuing Professional Development (“CPD”) refers to any post-registration education, skill or experience updating which is specific or related to radiography and radiotherapy. It aims to enrich radiographers’ contribution in quality healthcare and help them in their pursuit of professional goals.
- 1.3 All radiographers should be personally responsible for ensuring their own competence in fulfilling the evolving roles and functions for which they are entrusted.
- 1.4 CPD continues as a lifelong process and is fundamental in the development of the profession.
- 1.5 This manual provides an outline of CPD as a requirement for practice of radiographer, the policy and rules governing the CPD scheme and the guidelines of the Radiographers Board in relation to the CPD scheme’s practical application.
- 1.6 All radiographers should acquaint themselves with this manual before participating in CPD activities for renewal of their practising certificates.

## **2 CONTINUING PROFESSIONAL DEVELOPMENT CREDIT SYSTEM**

- 2.1 The Radiographers Board decrees a mandatory requirement since 1 July 2024 for radiographers to undergo CPD. The CPD for radiographers will be implemented as a CPD credit system. Each radiographer will have the responsibility to submit a declaration on his/ her fulfilment of the required CPD credits, together with a record of the CPD activities participated, when applying for renewal of his/ her practising certificate.
- 2.2 A CPD cycle shall span 3 years. It starts on 1 July, and ends on 30 June of the fourth year. The cycle is personalized and starts from 1 July of the next annual registration for all new registrants.
- 2.3 During the mandatory CPD scheme, a registered radiographer would be required to attain a minimum of 30 CPD credits over a 3-year CPD cycle through undertaking the CPD activities recognized by the Board to qualify for renewal of practising certificate.
- 2.4 Basically, a CPD credit is equivalent to one high quality contact hour. It is the learning value of the activity rather than its literal clock hour value that receives recognition as a credit. However, a contact hour should not be less than 45 minutes. By the same token, activity that may not be able to assign with literal hour of contact is judged by its value in updating, developing, enhancing knowledge, skills and attitudes in radiography and radiotherapy practices. After the first contact hour, fraction or portion of the hour will be rounded down to the nearest half-hour. **Registrants are required to participate in a minimum of 75% of each CPD activity, plus any other assessment(s) requested by the programme /activity provider.**

- 2.5 Registered radiographers may undertake CPD activities/ programmes organized by accredited providers or validated by the Board for the award of CPD credits. Accredited providers are organizations experienced in continuous education and are explicitly accredited by the Radiographers Board for organizing CPD activities/ programmes for the award of CPD credits. A list of accredited providers of CPD activities is posted on the Radiographers Board's website at [www.smp-council.org.hk/rg/en/content.php?page=cpd](http://www.smp-council.org.hk/rg/en/content.php?page=cpd). The Radiographers Board also validates activities/ programmes for the award of CPD credits by approving individual non-accredited providers' applications. The Board has also drawn up a list of recognized profession-related activities eligible for the award of CPD credits at ANNEX.
- 2.6 Except for activities/ programmes of the CPD categories of "Paper Presentation", "Full text Publication", "In-house Training", "Profession-related Training for Programme Organized by External Organization" and "Self-directed Activities", registered radiographers have to apply to the Radiographers Board for assessment of activities/ programmes not recognized vide section 2.5 for the grant of CPD credits. Such an application should be submitted via Form I, together with relevant information of the concerned activity/ programme, preferably four weeks before commencement of the activity/ programme and no later than four weeks after completion of the activity/programme.
- 2.7 The system has been designed to be as flexible as possible so that CPD credits may be acquired in a time conscious and cost-effective manner. The Board, having taken into consideration the need for radiographers to have a variety of accesses by which they can meet with the CPD requirement, permits various methods of learning other than simply attendance at conventional lecture-based courses. Professional or academic activities, such as self-directed learning, are also acceptable CPD activities.
- 2.8 CPD activities fall into one of the following categories-
- Structured Educational Programme
  - Conference, Scientific Meeting, Workshop or Seminar
  - Journal Paper Publication
  - Self-directed Learning
  - Others
- 2.9 Within each year of the 3-year CPD cycle, participation of a CPD activity of the same topic with the same contents should be counted once only for CPD credits.
- 2.10 Activities / programmes / modules straddling two CPD cycles or years will have all the CPD credits awarded upon the completion of the activities / programmes / modules.
- 2.11 CPD credits allocated in respect of an activity may be revoked or amended any time at the discretion of the Radiographers Board.

### **3 CONTINUING PROFESSIONAL DEVELOPMENT CREDIT ALLOCATION**

- 3.1 Of the 30 CPD credits required to be obtained over a period of three years (average 10 credits a year), radiographers will be required to gain at least 2/3 of the 30 credits (i.e. 20 credits) in profession-related CPD activities.

3.2 To cater for the extent of involvement in any activity, the credits given reflects considerations given to active or receptive participation.

3.3 Profession-related activities include-

- Medical and Imaging Informatics
- Medical Imaging
- Radiation Protection
- Radiology
- Radiotherapy and Oncology
- Patient Counselling
- Others

Other healthcare or information technology related activities include-

- Medicine
- Nursing
- Information Technology
- Management
- Occupational Safety
- Others

### Profession-related CPD activities

Total CPD Credits	Category of Activity	CPD Credit(s)	Maximum CPD credits allowed for each activity	Documents to be submitted as evidence upon request
<b>20 credits minimum</b>  (2/3)	<b>Recognized Course or Module*</b> e.g. HK PolyU SPEED courses and Post-graduate courses  * Including distance-learning programmes	1 credit per hour  (For distance-learning programmes, 3 study hours as recommended by academic institutions is equivalent to 1 hour's attendance)	6 credits maximum per day and 10 credits maximum per year for any single programme, course or module	Attendance record, transcripts or results of the programmes, courses or modules concerned, etc.
	<b>Conference, Scientific Meeting, Workshop or Seminar</b> e.g. - HA commissioned training - Radiographers' associations workshops, scientific meetings, etc. - Local or International conference, e.g. Cancer Congress, ISRRT - Training on radiotherapy or imaging specialties	1 credit per hour	6 credits maximum per day and 10 credits maximum per year for any single programme, course or module	Attendance record.
	<b>Paper Presentation</b> An Oral <del>(10 minutes or more)</del> or Poster presentation in local or international conference or scientific meeting	Presentations held on or before <u>31 December 2025</u> : 5 credits for the first author, <b>3 credits for the second author</b> and 1 credit for the remaining authors  <b>Presentations held on or after <u>1 January 2026</u>:            5 credits for the first author and 1 credit for the remaining authors</b>	30 credits maximum in 3 years  Paper of the same topic and contents is counted once only	Letter of invitation/ letter of acceptance.

<b>Total CPD Credits</b>	<b>Category of Activity</b>	<b>CPD Credit(s)</b>	<b>Maximum CPD credits allowed for each activity</b>	<b>Documents to be submitted as evidence upon request</b>
	<b>Full Text Publication</b>	10 credits per paper/article for the first author, co-first author, corresponding author and co-corresponding author, 5 credits for the second author and 3 credit for the remaining authors	30 credits maximum in 3 years  Paper of the same topic and contents is counted once only	Letter of invitation/ letter of acceptance and an offprint of the work.
	<b>In-house Training<sup>#</sup></b> e.g. As speaker  <sup>#</sup> Teaching activities by professionals engaged in education are excluded from this category	5 credits per training (30 minutes or more) for trainer and 1 credit per hour for attendee	30 credits maximum in 3 years for trainer; 8 credits maximum per year for attendee	Trainer: Letter of invitation with training materials.  Attendee: Attendance record, etc.
	<b>Profession-related Training for Programme Organized by External Organization</b>  (45 minutes or more)	5 credits per training for trainer	30 credits maximum in 3 years	Training materials and letter of invitation/letter of acceptance.
	<b>Self-directed Activities</b> Written work documenting critical reflections on clinical experience  Documented reading of an article or a chapter in professional journals or publications	1 credit per written work  1 credit per documented reading	3 credits maximum in 3 years  3 credits maximum in 3 years	A reflective abstract of at least 500 words should be produced per written work / documented reading.

	<b>Research Thesis</b> at: Doctor of Philosophy (PhD) level Doctor of Health Science (DHSc) level Master of Philosophy(MPhil) level	CPD credit to be assessed on individual basis	<b>30</b> credits maximum in 3 years <b>15</b> credits maximum in 3 years <b>10</b> credits maximum in 3 years	Thesis / Abstract / Statement from the research supervisor stating the content of the research
--	---	---	--	--

**Other healthcare or information technology related CPD activities**

Total CPD Credits	Category of Activity	CPD Credit(s)	Maximum CPD credits allowed	Documents to be submitted as evidence upon request
<b>10 credits maximum (1/3)</b>	Same as the categories of activities allowed for profession-related CPD activities as tabulated above.	Credit allocation follows the principle applicable for the corresponding categories of activities for profession-related CPD activities as tabulated above, except that the maximum credits are capped at <b>10</b> credits per cycle	<b>10</b> credits maximum per cycle	Same as those documents applicable for the corresponding categories of activities for profession-related CPD activities as tabulated above

Note:

- The Radiographers Board has the discretion to decide whether to accept any activities for the award of CPD credits.
- Application for assessment of non-accredited activities for “Recognized Course or Module” and “Conference, Scientific Meeting, Workshop or Seminar” for the grant of CPD credits via FORM I **is** required.
- Application for assessment of Research Thesis for grant of CPD credits via FORM I(a) is required.

#### **4 CONTINUING PROFESSIONAL DEVELOPMENT RECORD**

- 4.1 A registered radiographer is required to maintain his/ her own record of participation in CPD activities in the approved record form (FORM II).
- 4.2 A registered radiographer will be required, when applying for renewal of his/ her practicing certificate, to make a declaration on the CPD credits that he/ she has attained the required CPD credits by the end of each 3-year CPD cycle. The record form can be downloaded from the Radiographers Board's website at [www.smp-council.org.hk/rg/en/content.php?page=cpd](http://www.smp-council.org.hk/rg/en/content.php?page=cpd).
- 4.3 Registered radiographers should keep relevant supporting documents as evidence of participation of CPD activities. When and as requested by the Radiographers Board, the radiographer must produce the supporting documents within one month's time.
- 4.4 For auditing purpose, the CPD records and the relevant documents supporting participation in CPD activities should be retained for at least six years after the period to which it relates.
- 4.5 Any incorrect or false declaration or failure to honour any undertaking made to the Board may lead to suspension or cancellation of the radiographer's practicing certificate in addition to any disciplinary proceedings.
- 4.6 Audit inspection will be conducted by the Board from time to time to monitor compliance with mandatory CPD.
- 4.7 For auditing purpose, the Board may-
  - request any radiographer to produce CPD records or such information relating to his/ her participation in the CPD as may be specified; and
  - require a radiographer to attend the Board in person and furnish such records or information.

**5 FAILURE TO COMPLY WITH CONTINUING PROFESSIONAL DEVELOPMENT  
CREDIT REQUIREMENT**

- 5.1 Any radiographer failing to comply with the CPD requirement by the end of the 3-year cycle must write to the Board before the end of his/ her CPD cycle.
- 5.2 Where the Board considers that extenuating circumstances exist, a short extension of time may be given to the radiographer to enable him/ her to make up any shortfall in the CPD requirement. The extension period should not be more than one year. Failure by the radiographer to keep a proper track of his/ her CPD activities or to efficiently manage his/her professional and CPD obligations are not regarded by the Board as extenuating circumstances.
- 5.3 At the end of the 3-year CPD cycle, non-fulfilment of the required credits by an individual radiographer will be referred to the Radiographers Board, for any action to be taken, including suspension or cancellation of the radiographer's practicing certificate.

# CPD Scheme for Registered Radiographers

## CPD Record Form

FORM II

### General Principles

for the CPD cycle from 1 July \_\_\_\_\_(year) to 30 June \_\_\_\_\_(year)

- CPD activities include Profession-related (PR) activities\* and Other healthcare or information technology related (OR) activities^
- Of the 30 CPD credits required over a period of three years, radiographers will be required to gain at least **20** credits in PR activities or at most **10** credits in OR activities

### PR activities

	Categories of CPD activities	CPD credits for each activity		CPD credits attained
		Credit allocation	Maximum CPD credits	
1.	<b>Recognized Course or Module</b> <ul style="list-style-type: none"> <li>Examples are – <ul style="list-style-type: none"> <li>HK POLYU SPEED courses and Post-graduate courses</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>1 credit per hour @</li> </ul>	<ul style="list-style-type: none"> <li>6 credits maximum per day</li> <li>10 credits maximum per year for any single programme, course or module</li> </ul>	
2.	<b>Conference, Scientific Meeting, Workshop or Seminar</b> <ul style="list-style-type: none"> <li>Examples are – <ul style="list-style-type: none"> <li>HA commissioned training</li> <li>Radiographers' associations workshops, scientific meetings, etc.</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>1 credit per hour</li> </ul>	-ditto-	
3.	<b>Paper Presentation</b> <ul style="list-style-type: none"> <li>An Oral (<del>10 minutes or more</del>) or Poster presentation in local or international conference or scientific meeting</li> </ul>	<ul style="list-style-type: none"> <li>5 credits for the first author, <del>3 credits for the second author</del> and 1 credit for the remaining authors</li> <li><b>Presentations held on or after 1 January 2026: 5 credits for the first author and 1 credit for the remaining authors</b></li> </ul>	<ul style="list-style-type: none"> <li>30 credits maximum in 3 years (10 credits per year on average)</li> <li>Paper of the same topic and content is counted once only</li> </ul>	
4.	<b>Full Text Publication</b>	<ul style="list-style-type: none"> <li>10 credits for the first author, co-first author, corresponding author and co-corresponding author, 5 credits for the second author, and 3 credits for the remaining authors</li> </ul>	-ditto-

8.	<b>Research Thesis</b>	<ul style="list-style-type: none"> <li>To be assessed on individual merits</li> </ul>	<ul style="list-style-type: none"> <li>30 credits maximum in 3 years for PhD level thesis</li> <li>15 credits maximum in 3 years for DHSc level thesis</li> <li>10 credits maximum in 3 years for MPhil level thesis</li> </ul>	

## OR activities

	Categories of CPD activities (Please refer to page 1 for descriptions of each category)	CPD credits for each activity		CPD credits attained
		Credit allocation	Maximum CPD credits	
1.	Recognized Course or Module	Credit allocation follows the principle applicable for the corresponding categories of activities for PR CPD activities as tabulated above, except that the maximum credits are capped at <b>10</b> credits per cycle	<b>10</b> credits maximum per cycle	
2.	Conference, Scientific Meeting, Workshop or Seminar			
3.	Paper Presentation			
4.	Full Text Publication			
5.	In-house Training			
6.	Training for Programme Organized by External Organization			
7.	Self-directed Activities			
8.	Research Thesis			

### Legend

\* PR activities include: Medical and Imaging Informatics, Medical Imaging, Radiation Protection, Radiology, Radiotherapy and Oncology, Patient Counselling and Others.

^ OR activities include: Medicine, Nursing, Information Technology, Management, Occupational Safety and Others.

@ For distant learning course, 3 recommended study hours is equivalent to 1 hour's attendance at conventional lecture.

**Total CPD  
Credits attained:**

\*\*\*\*\*

I confirm that I **have** / **have not** fulfilled the CPD requirement in the CPD cycle.

I understand that the Radiographers Board may require me to provide supporting documents in relation to the accredited CPD credits and activities that I declared to have attained / participated.
